

News About Town

Republican Speakers Who Will Address the People.

M. R. Pattengill, of Lansing.

Will Be Here Next Tuesday—Improvements in Lighting the Opera House—Metropolitan Delegation.

In making out the schedule for speakers who will visit the Upper Peninsula during the next week or two of the present political campaign, the State Central committee evidently concluded that Calumet was a safe republican town and did not decide to send many speakers here. They are no doubt correct in their surmise, for the general belief appears to be that it is only a question of how much plurality the ticket will get here. Among the speakers who will be here are Hon. Frank Plimley, of Vermont, and Hon. Henry R. Pattengill, State superintendent. The latter is booked for Tuesday evening, the 13th inst., and the former for Thursday, the 15th inst. They will both probably speak under the auspices of the McKinley and Hobart club. Mr. Pattengill is known to a few of our people, having previously spoken in the copper country on educational lines. Other speakers of note will likely be assigned by the committee for the latter part of the month. The people are much disappointed that Plimley is not to speak at this place, for, notwithstanding the statement made a few months ago that there was no Plimley sentiment here, we venture to assert he would have been able to raise as much enthusiasm as McKinley himself, as the people have apparently placed McKinley and Plimley on the same pedestal, looking upon them both as the people's candidates.

The Bicycle Meet.

From all indications the bicycle meet to take place tomorrow afternoon at the Athletic park will be the most interesting held this season and also promises to be largely attended as it is the last to take place this season.

The Fifth Regiment band will attend and render music during the afternoon.

Following is the program and list of entries.

1. Mile exhibition by Will Boone. Paced by tandem.
2. Quarter-mile (club race)—Davy, Monroe, Carter, Bray, Harris, Diel, Chapman.
3. Fifth-mile open—Chewidson, Fisher, Demco, Leary, Monroe, Self, Sells, Lee.
4. Quarter-mile open—Chewidson, Ziehr, Sells, Monroe, Lee, Boone, Self, Collins, Leary, Demco.
5. Half-mile Handicap.
6. Mile Handicap.
7. Mile club race—Davy, Monroe, Carter, Harris, Diel, Sanders, Chapman.
8. Five Mile Handicap.

Following is the riders and handicap to be allowed each in the races:

Name	1-Mile	5-Mile
Chewidson	125	250
Ziehr	150	300
Demco	125	250
Leary	125	250
Collins	150	300
Self	150	300
Carl	125	250
Carter	150	300
Sells	150	300
Boone	150	300
Harris	125	250
Davy	125	250
Monroe	150	300
Bray	125	250
Pichee	125	250
Distel	125	250

Improving the Lighting Facilities.

Harry Hosking, local manager of the Peninsula Electric Light & Power Co., has a force of electricians at work at the Red Jacket Opera House putting in a complete new set of lights to be used in connection with the stage settings. The new electric lights are far ahead of the old ones and will add much to the general effect as in the production of any first-class entertainment. In place of the old foot-lights, which were eight or ten in number, a new set of twenty-one lights will be put in and besides these, three rows of lights, twenty-one in each row, will be put in above the stage. The new dressing rooms will also be wired throughout and lights will be placed at convenient places behind the scenes. In order to manipulate the new lights properly and so they will give the desired scenic effects a "dimmer," as it is called by electrical men, will also be put in. By aid of this the light can be turned half way on or off and a decidedly dim effect is the result. These improvements in the lighting of the Opera House will certainly be appreciated as much as the other improvements that are being made about the stage. Mr. Temple, the scenic artist, is making good progress with his work and the whole will soon be finished, when, no doubt, Manager Cuddihy will arrange so as to give the people a treat by a grand opening night.

Concert This Evening.

The concert of sacred and classical music including selections by the very best local talent, will be given at the Calumet Congregational church this evening under the direction of J. C. Abdlil. The following is the program to be rendered:

- Organ Solo—"Hallelujah Chorus"—Handel.
Duet—"The Gentle Breeze Shall Bring to Thee"—Mrs. J. M. Pearson.
Miss Jeannette Osborn and Mr. J. C. Abdlil.
Bass Solo—"The Old Song"—Russell.
Mr. Adolphus Holmes.
Coral Solo—"The Old Song"—Nicholas.
Miss Osborn, Messrs. Abdlil and Holmes.
PART II.
Organ Solo—"Overture to Lohengrin"—Wagner.
Contra Alto Solo—"When the Heart Is Young"—Dudley Buck.
Tenor Solo—"Ab, So Pare"—Flowton.
Euphonium Solo—"The Old Song"—Mr. J. C. Abdlil.
Mixed Quartette—"Midnight Hours"—Miss Childs, Mrs. Whistler, Messrs. Abdlil and Manton.

Keweenaw Politics.

Politics in Keweenaw were boiling.

they are now red hot as any one could plainly see by watching the ante-room caucuses being held this afternoon in the court house before the calling together of the convention.

Yesterday the powers that be of the Allouez and Copper Falls got together and put up a new slate and which those who were by it left out in the cold are now rallying their forces to smash; the slate makes a radical change as it proposes John Beasstrom, of the Allouez store, for sheriff; Thomas H. Goldworthy, of Allouez, for clerk, and Thomas Bolley, of Copper Falls, for treasurer.

Mr. A. F. Iser has published a very fine view of the Christopher Columbus just as he was entering Port Arthur. As it shows the portraits of so many of the excursionists it should have a ready sale among them, not only as giving their portraits, but as a memento of the trip. By the way, we lately heard a good one about Iser showing his great bustling qualities. When the boys left Houghton for Ontonagon Iser was about the last one to bid them good bye and was, to the boys' surprise, one of the first to welcome them on their arrival at Ontonagon, he having sailed up their with his little son in his boat and beaten the railroad.

For Free Distribution.

The News has received from republican headquarters a large quantity of special literature for this campaign and among it can be found McKinley's address on Abraham Lincoln, Carl Schurz's speech, General Sikes's, the democratic statesman, diplomat and soldier, reasons for supporting the republican nominee, a word to American breadwinners as to wages in silver countries, Senator Thurston's address to American workmen, etc. Call in at the office and get some of the literature and so post yourself on the issues of the day.

Foot Ball Game Tomorrow.

The high school foot ball team will go to Houghton tomorrow afternoon where they will meet the Hancock high school team in the Mining School grounds. The teams are pretty evenly matched and a good game will undoubtedly be the result. The game between the same teams last year resulted in a complete walkaway for the Calumet boys, but the Hancock have been doing some hard work since then and have a first class team this year. A number of young people from here contemplate attending the game, going in by rig.

The Chance of a Lifetime.

To be sold very cheap, a four-room house with barn, chicken sheds, etc., with about three acres of land. The place is situated back of Swedetown and as it is only about a mile from the Tamarack it would make a first-class place for any man working there, industries enough to spend his spare time raising garden truck, raising chickens, etc. If no purchaser appears the place will be rented. For further particulars apply at the News office.

Mrs. Lucretia W. Treat, the noted kindergarten, lectured at the Calumet School Hall last evening on the subject of "Punctuality," and it was very interesting. Mrs. Treat will lecture this afternoon again and this will close the series. Last evening the topic of "Punctuality" was treated in a very instructive manner. Mrs. Treat taking the stand that the idea of punctuality should be firmly impressed on the young mind at a very early time.

There are now four telephone lines in service between this place and the Portage Lake town, a new one having just been put into service. This improvement in the county service will be appreciated by the patrons of the company, and you are not now so apt to be greeted with "they are talking on the line" by the central when you call a Hancock or Houghton office.

Dr. N. J. Lund, of Marinette, is here and looking for an office with the intention of permanently locating here. Dr. Lund is a Dane, but speaks both the Norwegian and Swedish languages. As the doctor has a fine residence in Marinette he will not bring his family here this winter. For the present Dr. Lund can be found at Macdonald's or Clemons's drug stores.

The regular meeting of the McKinley and Hobart club will be held in connection with the grand rally on Tuesday evening, October 13, upon which occasion there will be a grand torch light procession, the first of the campaign, so be in time in order to procure a torch.

Lost—On Tuesday evening, between Calumet, L. O. F. Hall and Hecla machine shop, a pocket book, containing papers and a small sum of money. Finder return to John Ellis's jewelry store or 1017 Mine street and receive reward.

Invitations are out for the social dance to be given by Lady Willard Hise, No. 438, L. O. F. Hall, on Friday evening, October 23, at the Calumet Light Guard Armory. Karkeet's Ideal orchestra will furnish the music for the event.

The Epworth League, of the Calumet M. E. church, will tender a reception to the pastor, Rev. James W. Kerridge, at the church parlors this evening. An interesting musical and literary program will be rendered.

Guy Lee, the bicycle rider, who has entered the races tomorrow from Hancock, does not profess to be able to beat Boone and does not claim to hold any fast records, he having entered only as an amateur racer.

Soligmann and Julius Moore, of Milwaukee, who have been here taking in the sights about the mines, left yesterday for home. They were very much impressed with their first visit to the copper country.

Dr. J. D. Dunlop will address the men's meeting at the Opera House Sunday afternoon on the subject, "Alcohol in Health and Disease." Ladies and gentlemen are invited to attend.

Mrs. Capt. Trezona, of Bessemer, who has been visiting friends and relatives here for the past three or four weeks the guest of Mr. and Mrs. Thomas Penhall, left this morning for home.

Damonias is no patent medicine nostrum; it comes from where man does, and cures his ills as no man's made medicine ever did, can or will. Sold by P. Tommei, 351 Fifth street.

The Leader.

You are invited to step in and examine a full line of Dr. Denton's sleeping garments. Suitable for young and old.

Miss Fannie, daughter of Rev. S. T. Morris, is ill at her home on Eighth street of diphtheria and the home is under strict quarantine regulations.

Messrs. David Haas and Thomas Dooling, candidates for the State legislature, and judge of probate on the democratic ticket, were in town today.

Phil H. Patende, foreman of the H. & C. railroad roundhouse at Tamarack, went to Marquette today on a short visit with friends.

The arrangement and solicit committees of the Junior Temple of Honor will meet in the reading room this evening at 7:30.

Miss Norine Sullivan visited friends at Houghton last evening and today, returning home this afternoon.

Miss Roberts, of Lake Linden, visited Calumet and Red Jacket friends yesterday afternoon.

Be sure and call at Big Mike's and get two choice baskets of grapes for 25 cents.

J. P. Grierson, of Hancock, was in town today on business.

BOY MURDERER CAPTURED.

Tells How He Killed Mrs. Baunley with a Stove Leg.

St. Joseph, Mo., Oct. 8.—The murder of Mrs. John Baunley of Arkmo, Mo., has been captured, and he is none other than the 16-year-old boy, Ezra Rasco, who was alleged to have made the discovery of the murder last Friday afternoon. The murderer is a son of Henry Rasco, who resides on an adjoining farm to Baunley. Young Rasco says he went to the Baunley home to get a pail of water and entered the house. He made some remarks that angered Mrs. Baunley. She then forced him out of the house, and locked the doors. Rasco says he was greatly angered at this and picked up a stove leg and hurled it through the kitchen window at Mrs. Baunley. The missile struck her in the face and knocked her down.

Rasco says he made a search of the house for Mrs. Baunley and when he found her he was armed with a stove leg with which he attacked her. She was knocked down several times but ran and defended herself desperately, but retreating from room to room in an effort to make her escape from the house. This Rasco says, he prevented, and finally getting her on the first floor, he finished the bloody work with the same stove leg by crushing out her brains. He then left the house, went home, changed his clothes, hid the bloody garments and gave the alarm of the murder. The murderer says he had no object in killing Mrs. Baunley other than to be revenged for being put out of the house. The jail is closely guarded to prevent lynching by a mob of enraged people, reported to have formed at Arkmo.

COUNCIL PROCEEDINGS.

A regular meeting of the common council of the village of Red Jacket was held in the council room on Tuesday evening, October 6, 1896, at 8 o'clock.

Present—H. J. Vian, president; Izzy Blumenthal, H. R. Miller, Thomas Gribble, John Vertin, John Kavel, trustees, and W. W. Ellis, clerk.

The minutes of the last meeting were read and, on motion, approved.

The following bills and salaries were read and, on separate motions, allowed and ordered paid:
